Information Brochure
THE FIITJEE
Journey

FIITJEE was created in 1992 by the vision and toil of Mr D. K. Goel, a Mechanical Engineering Graduate from IIT, Delhi. We had a very humble beginning as a forum for IIT-JEE with a vision to provide an ideal launch pad for serious JEE aspirants. Along the way to the realisation of this vision, we went beyond merely coaching for IIT-JEE. We actually started to make a difference in the way Students think and approach problems. We started to develop ways to enhance Students’ IQ. We started to leave an indelible mark on the Students who have undergone FIITJEE training. We started changing lives. And all of this was not a sheer coincidence. It was the urge, the compelling desire, to always aspire for perfection and in the process, continuously keep on setting newer benchmarks of excellence, which enabled us and our Students to achieve what we have achieved. Today, aiming for the unachievable and continuously raising the bar has become a part of the FIITJEE DNA.

The Success of our Students was inspiring and so was their faith in FIITJEE. It was this faith that was a catalyst for our venturing into areas beyond IIT-JEE. It was this faith, that prompted us to embark on a mission to provide Wholesome School Education to Students through FIITJEE Integrated School Programs like UDAYA Plus, SUPREME & PINNACLE, in a way, so that there was no need for any type of coaching outside the School System. In addition to the launch of FIITJEE Junior Colleges in Bangalore, Bhubaneswar, Hyderabad, Vijayawada & Visakhapatnam, many like-minded Schools across the Country joined hands with us in this Student-centric endeavour to create Ideal School Education platform for Students to get admission in IITs & US Universities without stress & tension along with huge success in Olympiads, SAT-I & SAT-II. And it was this faith only that again enabled us to create a landmark success in NTSE.

And it is this very faith that has again inspired us to provide a platform for Students aspiring for admission to US Universities in the form of USA UnivQuest - a comprehensive program taking care of all aspects of the preparation – in the same old, trusted FIITJEE way. The launch of FIITJEE World Schools at Hyderabad was a concentrated effort in that direction, where Students are being trained for the best in the world through methodologies and practices that are truly world Class. Students in other selected cities will also have an opportunity for preparing for admission to US Universities through USA UnivQuest School Integrated Programs to be run in collaboration with our Select Associate Schools.

“This Journey from just an IIT-JEE Coaching Institute to the most powerful brand in serious education has been exhilarating. However, the Journey is not over yet. For us at FIITJEE, The Journey will never be over...

For us, this Journey itself is the destination.”

Mr. D. K. Goel
(Founder Chairman and Chief Mentor)

Our admission test papers have not been restricted to a certain syllabi to ensure that Students are not able to enhance their performance significantly by working only for a few weeks / days. A Student who has worked hard in a thoughtful manner with sustained motivation over the years will do better than others. With this we come to know one’s real potential for Competitive Entrance Exams over others. Like IIT-JEE / Other prestigious competitive exams, our tests are low scoring. The technique to succeed is to improve your strike rate i.e. focusing on correct solutions rather than attempting all questions.

Students registering for Admission Test can download Free Sample Papers from our website. Log on to http://fiitjee.com/samplepaper.aspx with your Registration Number and Web Access Code as printed on the Admission Test Hall Ticket. Please ensure that you enter your correct details on the website. Sample Papers are not available for FIITJEE Talent Reward Exam (XII Appeared / Pass) Students.

A True Guru connects with his disciples with both, his mind & his heart. He guides his disciples to imbibe knowledge as per their calibre and help them develop the indispensable skills like Perseverance, Dedication, Attention to detail, Tenacity & Compassion. He shows them the Right path while keeping them away from the wrong one. A True Guru devotes his entire life towards the holistic development of his disciples and Empowers them to face challenging situations in life, fearlessly. A True Guru always strives to set an excellent example in front of his disciples and is forever remembered for his selfless act of improving & enriching the lives of his disciples.

Like a True Guru, who is not just a mentor, but an Inspiration for his disciples, FIITJEE has always aspired to inspire its students and the society at large. Since 1992, we have been preparing Students to not only get admission in prestigious IITs but, also for Life Long Excellence. FIITJEE has always considered guiding & helping the Students towards taking the Right Steps in their preparation for IIT-JEE as its foremost duty.

It is the emulation of this very essence of a True Guru that has led FIITJEE to become the only Institute of Real Substance for IIT-JEE preparation in the Country. And, Our Standout Features are a result of the same.

Whatever we think, We Say & whatever we say, We Do. We present to you, what we actually are.

We strive to instil the values of Truth, Transparency & Commitment along with Dedication & Sincerity among our Students. These values and virtues play a pivotal role in attaining success in all vistas of life, be it becoming an Entrepreneur, an Administrator, a Follower, a Spiritual Guru or a Politician. Reared with these traits, it is but natural that we not only produce highly successful Students but also good Sons, good Daughters, good Future Fathers & Mothers and good Citizens.
The Quality
We Never compromise on Quality.
Our penchant towards assuring quality is evident in our activities, in all our actions, at all times, everywhere.

Best Faculty
Every institute for IIT-JEE training worth its name tries to get a FIITJEE faculty. We are the only institute that follows such strenuous, strong, systematic & objective selection and training process before a teacher becomes a FIITJEE faculty. FIITJEE has a pool of large number of competent, full-time faculty members; ensuring you get highly effective teachers for all your subjects throughout your academic studies.

Pattern-Proof Teaching Methodology
FIITJEE has always been preparing Students in a fundamental way. FIITJEE has been teaching in a comprehensive manner so that Students do well in IIT-JEE (irrespective of the pattern), Boards, NTSE, KVPY, Olympiads and Other Engineering Entrance Exams. For many years, our Students have been securing admissions in the top 10 US Universities where admission is based on the performance at School + Last Board Exam and SAT-I, SAT-II, AP Exams & TOEFL.

The Testing pattern of IIT-JEE also keeps on changing but the key aspect of the test is to judge the analytical ability of the aspirants along with the understanding of fundamentals.

Students having sound understanding of fundamental concepts & practising varied types of problems will always outperform the Students who confine their preparation to the exam pattern only, rather than understanding the concepts.

Comprehensive Study Material
The fact that every publisher / institute refers to our Study Material & JEE Solutions while creating their books / solutions / study material, is a testimony to our quality. There is a bit of FIITJEE in everyone associated with IIT-JEE, be it Students, coaching institutes or publications. Ask any Student successful in IIT-JEE & explore the truth yourself. Our Study Material is Pattern-Proof i.e. Students are well-prepared for the IIT-JEE irrespective of the dynamic exam pattern.

Enabling Infrastructure
We strongly believe in the fact that the environment in which a Student studies is equally important for effective learning. We ensure our Students study in an enabling environment equipped with proper Classrooms to keep them stress-free.

Personalized Coaching
Individual attention is given to every Student irrespective of one’s standing in the merit at any point of time. We never increase our batch size beyond a limit, this facilitates proper Student-Faculty interaction. Our faculty is always willing to clear doubts of Students even individually, if required. Our focus is better results through conceptual clarity and constant support instead of increasing the batch size.
Physics, Chemistry & Mathematics are integral components of Our Students’ DNA

At FIITJEE, Physics, Chemistry & Mathematics are not taught as mere subjects. These are made an integral part of our Students’ intellectual anatomy. Here, our Students don’t just solve questions rather they fight, play, understand and most importantly, enjoy these subjects to the very core. This is the single most important reason why our Students have taken the world by storm. Whether these are our very own IITs, NITs or for that matter, World Class Institutes like MIT, Princeton or Harvard, our Students have proved their mettle across the globe.

Students’ IQ level gets enhanced significantly

FIITJEE has always laid emphasis on developing the Intelligence Quotient (IQ) along with the Analytical Ability of its Students through a systematic and structured way. We guide our Students to read, analyse and understand a question and then apply the best technique to solve it. This automatically develops the ability to think out of the box amongst the FIITJEE Students.

We Instil Curiosity & Confidence In Our Students

At FIITJEE, we encourage students to ask How & Why. We transform them into inquisitive individuals. As a result, FIITJEE Students are always curious about challenging things and want to get to the root of the matter. This enables them to understand things in a better way.

Students learn the true meaning of Competition

At FIITJEE, Students learn their first lesson on cut-throat competition which they will face in their life ahead. At FIITJEE, we teach and prepare them in a way to make them understand the problem and guide them to resolve it based on its merit. In fact, we make them stronger through series of Tests, Feedback & Discussions and transform them into more Evolved & Matured individuals. We empower them with the ability to Self Analyse, Assess & Diagnose their performance and to iron out the lee ways in their preparation and emerge as a true competitor in every sense.
Our Students’ domination in various Competitive / Scholastic Exams

FIITJEE Results over the years are a testimony to the effectiveness of our Winning Methodology which has been the driving force behind our Students’ extraordinary achievements in not just JEE Advanced & JEE Main but also in various competitive / scholastic / school exams like BITSAT, Boards, NTSE, KVPY & Olympiads.

As a matter of fact, in IIT-JEE, FIITJEE has been producing the highest number of selections in the country since 1998.

Stress & Tension Free Environment – a Vital Performance Catalyser

At FIITJEE, we understand that apart from providing distinguished Faculty, enabling infrastructure and top-notch study material to our Students, we also need to provide them a relaxed academic environment which is bereft of any stress, tension & anxiety. Our Classroom / Integrated School programs are meticulously crafted in a way that provides enough time for not just self-study but also for co-curricular activities which enable Students to lead an easy-going & stress-free life. This healthy environment keeps Students motivated and encourages them to scale new heights of Success & Glory.

Each & Every Student is Important to Us

For FIITJEE, each & every Student Matters. Therefore, we strive to prepare & train every Student as per his / her potential. Aided by our exceptional Teaching Methodology, a Student’s analytical & problem-solving ability is enhanced to a level where he /she effortlessly surpass every challenge, every obstacle and achieves what he / she never thought was possible.
Innovative Programs & Concepts

Innovation is the essence of FIITJEE. PINNACLE, SUPREME & UDAYA Plus Programs are already revolutionising school education in India. We are the pioneers in designing a specific IQ Test to test the temperament and potential of a Student for JEE Advanced. The Student's score in this test helps us to judge his / her potential in the beginning itself along with the level of input required for his / her success. This makes our Classroom Programs exceptionally effective, as we know in advance, the unique level of input needed for each Student. FIITJEE is the only institute in India that has the capability to predict the most accurate Rank Potential Index (RPI) of a Student & constantly encourage its Students to emulate them.

Apart from Classroom / Integrated School Programs, FIITJEE has also made unique innovations in the field of Online Test Series by launching myPAT, another invaluable tool for getting Success in various Competitive / Scholastic Exams viz. JEE Advanced, JEE Main, BITSAT, KVPY & NTSE. This Online Test Series is focussed upon enabling Students to learn through Assessment, Analysis, Identification of Knowledge Gaps & Remedy options available for the same.

The Total Success Approach

Even though our programs aim at JEE Advanced, we also prepare Students comprehensively for KVPY, SAT, Olympiads, NTSE and all other important Engineering Entrance Exams including JEE Main / BIT-SAT / VITEEE / CET (Karnataka) / CET (G.G.S.I.P. University) / BVP (Pune) / EAMCET (Andhra Pradesh) / KEAM (Kerala) / UPSEE / CGPET (Chhattisgarh) / RPET (Rajasthan) / BCECE (Bihar) / WBJEE (West Bengal) / AMUEEE / J&K CET / JCECE (Jharkhand) etc.

Research & Development

Our Research and Development team works round the clock to ensure that our teaching methodology, study material and course structure is constantly updated. This committed team keeps a keen eye on the latest developments and changes in the JEE Advanced, JEE Main, other prestigious Engineering Entrance Exams / Olympiads / NTSE / KVPY and swiftly incorporates them into our course curriculum.
Experience
eCult Metamorphosis
through the Power of a tiny Tab
(eNotebook)

1. **Experience a New Way of Learning** – Now, FIITJEE Faculty will provide various Assignments & Reading Material to Students through e-Notebook.

2. **Undergo Academic Cult Metamorphosis** – FIITJEE Faculty will provide Students with Assignments which they can practice at home via this e-Notebook. Using this state-of-art technology, FIITJEE Faculty can easily monitor completeness and correctness of Student’s attempts in these eAssignments, which is an integral part of our Cult Metamorphosis Training Methodology.

3. **Practice Tests** – As most of the Competitive Exams like JEE Main, JEE Advanced, AIIMS, JIPMER, BITSAT etc. have turned online, similarly, Practice Tests which are an integral part of FIITJEE Programs are also conducted online through e-Notebook.

4. **One Stop Solution** – Time Table, Class Attendance and Students performance reports are easily accessible to Students and Parents via e-Notebook.

Using this eNoteBook FIITJEE trainers will ensure student’s master all the concepts in a step by step rise from Board level to JEE Main and to JEE Advanced or Boards to NEET and to AIIMS and JIPMER and beyond. We call our unique and result oriented training methodology as Cult Metamorphosis.
FIITJEE’S Unique Innovations in the field of IIT-JEE Preparation...

Transparent Selection Process
We are the Innovators & Creators of Transparent Selection Process for Students appearing in our Admission Test to join a FIITJEE Classroom / Integrated School Program. Our selection criterion is fair & transparent whereby, Students are selected on the basis of the merit of their performance in our Admission Test, and not through a first-come-first-serve basis. They are also given the option of Challenging the Answer Key by displaying their OMR answer sheets; which is highly unique for any Coaching Institute in the Country.

Integrated School Programs
We are the Innovators & Creators of Integrated School Programs like UDAYA Plus, SUPREME & PINNACLE. We were the first to recognise the need for an integrated study program for the Students that combines the Competitive / Scholastic Exams Preparation with the School Curriculum to ensure success in both. Our Integrated School Programs reduce the extra burden on the Student as the Competitive / Scholastic Exams Preparation is done within the School Schedule thereby, giving the Student ample time for self-study.

Specific IQ Test
We are the inventors of the Specific IQ Test to test the Temperament & Potential of a Student for IIT-JEE. Till now, we are the only Institute that can successfully predict a Students’ Rank Potential Index (RPI) & relate it to his / her future Potential Rank in IIT-JEE & various other exams.

Uniquely Designed Performance Analytics
We are the Innovators & Creators of Performance Analytics which is given to the Students through myPAT– The Online Test Series. myPAT focuses on Analytics using intelligent data metrics to review a Student’s performance. Such Analytics empower Students by capturing their performance metrics like Time Management & Speed while attempting the tests and map their Exam Temperament & readiness. The tests are bifurcated into Learn Mode & Test Mode which further enhances learning. The Analytics are provided in the form of graphical illustrations covering various aspects of performance – relative as well as absolute, productivity in terms of concept, and proficiency span in terms of chapters. The scope of Improvement is measured scientifically in order to give a correct understanding of what action or remedial measures will give maximum benefit.

Grand Masters Package (GMP)
We are the Innovators & Creators of India’s only Crash Correspondence Course, Grand Masters Package (GMP).

Computer Based All India Test Series
We are the Innovators & Creators of All India Test Series (AITS) And even today, Our AITS (now being conducted in CBT mode) is the only test series of Real Substance in the entire Country.

Test Analysis Sessions
We are the Innovators & Creators of Test Analysis Sessions of All India Test Series (AITS). This reality check analysis help Students to know their strengths and weaknesses.
FIITJEE Classroom and Integrated School Programs are unique as they ensure the best possible result depending upon the basic potential of the Student and his / her ability to work hard.

The methodology developed by us and which is followed in our Classroom and Integrated School Programs for JEE Advanced preparation lays emphasis on making the Students imbibe the fundamental concepts of Physics, Chemistry & Mathematics and on sharpening their analytical skills and parallel thinking process.

This enables them to creatively resolve complex and tricky problems by mere application of basic concepts. FIITJEE has been experiencing that the IQ level of the Students is raised significantly in the process.

❖ The Right mix of Classes, problem solving and doubt clearing sessions supplemented with in-depth and PATTERN-PROOF study material.

❖ Assignments and Students’ Performance Evaluation
  • Graded levels of assignments containing problems of varying difficulty are given on each topic to test the comprehension & analytical ability of the Students.
  • Home assignments are given to the Students.
  • On each chapter, Students are given Chapter Practice Problems (CPP) which they have to attempt and submit before the beginning of the next chapter. These solutions will be checked by the faculty and are returned to the Students with remarks & suggestions.
  • The best learning tool for every Class, will be the Classroom Learning Improvement Program (CLIP) for those who have completed all assignments to further help them get a higher Rank in JEE Advanced, JEE Main & other Engineering Entrance Exams.

❖ Regular Tests & Feedback
  • Lot of practice sessions and quick evaluation using OMR.
  • All India Common Phase Test
  • All India Internal Test Series (AITS)
  • Phase Tests which are supplemented with Test Analysis Sessions.
  • Concept wise testing and tracking of understanding level of the Students.
  • Attendance and Phase Test Performance after every phase is sent to the parents.
  • Dedicated academic operations team provides feedback at any point of time apart from the scheduled Parent – Teachers meetings.

❖ Valuable inputs and additional Practice Test Papers on School / Board exams are also given to all Classroom and Integrated School Program Students.

❖ Computer Based All India Test Series (AITS) with Concept Strengthening Classroom Program (CSCP), myPAT (Online Test Series) & Grand Masters Package (GMP) are an integral part of all long / medium duration Classroom programs.
FIITJEE Integrated School Programs are a dream of FIITJEE team to bring renaissance in the Indian Education System and we try to move towards Ideal School Education. Being a private initiative at highly subsidised course fee, the seats for all integrated school programs are limited.

Our Integrated School Programs have the capability to help Students of Class VII, VIII, IX, X, XI & XII to achieve – Overall Academic Excellence in Class X & XII Boards, State level science & scholarship tests, NTSE, JEE Advanced, JEE Main in a single system within regular school hours. Thus, bringing in tremendous focus & reduction in undue stress.

FIITJEE & the Associate School will also aim for:

1. Developing Proficient Communication skills with confidence in every Student.
2. Inculcating Sports / Exercises as a discipline for Physical Fitness of life for each Student.
3. Improvement of Memory & IQ, Mental, Physical & Spiritual well-being, Awareness & growth with intensive Yoga & Meditation for all Students.
4. Instilling Indian Culture & Values in each Student, not to learn these as History & Geography but learn to base their lives on it.
5. Developing important personality traits (Focus, Effective Communication, Leadership Ability, Determination, Strategic Planning, Pro-active Approach, Handling Failures, Stress, etc.) & Positive Attitude required for success. (This is what corporate sector tries to teach employees who are 25 - 55+ years of age and they hardly respond to changes required).

What is an Integrated School Program?

- A study program with a synergistic approach to both the School / Board studies as well as JEE Advanced, JEE Main, Other Engineering Entrance Exams preparation.
- A program that will prepare Students extremely well not only for JEE Advanced, JEE Main & Other Engineering Entrance Exams but also for School / Board exam as well.
- A study plan that will ease out the pressure of time (or the feeling for the lack of it) for the Student, unlocking lots of extra time, giving enough time for self-studies, which a Student would not have got otherwise and also giving him/her sufficient time for co-curricular activities, sports, social activities etc. which are equally important for his/her personality development.
- A program that eliminates the negative pressure on the Student.

Benefits to the Students

- Students enrolling in these programs will have an integrated study plan.
- The studies for both School / Board as well as JEE Advanced, JEE Main will be controlled & executed by FIITJEE.
- This would mean that the Student would not be going through two separate schedules & Classes for the same subject.
- Complete Lab & other support will be provided to the Students.
- Integrated School Programs would provide thrust for the Students to participate in co-curricular activities, sports, social activities etc which are very important for their personality development.
FIITJEE Classroom / Integrated School
Programs available for
Students of
Class VI, VII & VIII

Building
Strong Foundation
for a Bright Future
This Program aims at raising the IQ / Mental Ability of the Students to a level that is 2 years ahead of time. It will also develop the Logical Thinking of the Students, required for achieving success in various Competitive / Scholastic Exams including JEE in the future. In addition, this program will also guide the Students to approach Science & Mathematics in an objective manner which will eventually enable them to solve complex numerical programs while ensuring that Biology is the integral part of this program.

Success is never defined in an absolute sense. It is very much a subject of the relative performance. Children need to imbibe the spirit of competitiveness from an early age and start preparation for major milestone achievements, well in advance in order to avoid stress and anxiety at a later stage. The Program Trains a Student for Overall Logical Thinking and Scientific Aptitude at an early age thereby Transforming his / her academic life. This is the time when a Student Encounters Change in Academic Methodology from the text based Academics in Class V to a Matured Academic Life in Class VI and Beyond...

Parents will be able to notice substantial difference in the analytical skills and IQ of their little ones with this program.

The entire course will be covered in 4 Phases and duration of the program will be around 175 hours. Science (Physics, Chemistry, Biology), Mathematics & Mental Ability will be covered. Besides, the Student will also get the following as an Integral part of the program :

• A Single comprehensive study material : Additional problems will be supplemented wherever necessary. Students should not require any additional books etc.

FIITJEE Student who was a part of LITTLE GENIE - One Year Foundation Program and secured a Rank in Top 100 in JEE Advanced 2018

R Raghu Raman
LITTLE GENIE - One Year Foundation Program (Class VI) + UDAYA - Two Year Classroom Program (Class VI - VIII) + Four Year Classroom Program (Class IX - XII)

Other Achievements : KVPY Fellow ; NTSE Scholar ; Qualified NSEP ; Qualified NSEC ; Qualified NSLEA ; Qualified RMO ; Qualified INPhO

All our Results are from General Category only
• Chapter Practice Problems: Students will be given Chapter Practice Problems (CPP) on each chapter which they have to attempt and submit before the beginning of the next chapter. These solutions will be checked by the faculty and will be returned to the Students with remarks and suggestions. Thus, helping every Student to have a very strong command over fundamental concept knowledge which is very crucial for getting Top ranks.

• Work Books for Home Assignment.

• Regular feedback & Test Analysis Sessions.

• Students also gain important exam practice through quizzes, phase tests, & mock tests (conducted in a simulated environment giving the Students a 'feel' of the real exam) that can help them improve their examination temperament – a necessary element for success in any competitive exam.

FIITJEE has Four FIITJEE World Schools in Hyderabad with hostel facility. Parents also have an option to send their little ones to FIITJEE World Schools, Hyderabad.

These Programs focus on enhancing the Logical Thinking, IQ, Mental Ability, Science, and Mathematics of the Students at a level required for National Level Scholastic Exam like National Talent Search Exam (NTSE) for Class X. These programs will simultaneously build strong foundation for International Level Olympiads in Mathematics and Junior Sciences (National and Regional Level stages as National Standard Examination in Junior Science (NSEJS), Regional Mathematics Olympiad (RMO) & Green Olympiads. In UDAYA Plus – Two Year Integrated School Program all of this will be done within the School Schedule. These Programs help the Student in imbibing the fundamentals of subjects and on the overall development of personality. These Programs train a Student for overall logical thinking and scientific aptitude and introduces the academic structure required to excel in all competitive exams in future at various levels. The course will lay a Strong Foundation & offer Preliminary Preparation for various Competitive / Scholastic Exams like NTSE, Junior Science Olympiad.

The entire course will be covered in 8 Phases.

**In UDAYA Plus** – Two Year Integrated School Program, Mental Ability, Physics, Chemistry, Mathematics & Biology will be covered. The program will span around 611 hrs.

**In UDAYA** – Two Year Classroom Program, Mental Ability, Physics, Chemistry, Biology & Mathematics will be covered. The program will span around 400 hrs.
Besides these Students will also get the following as an integral part of the program:

- A Single comprehensive study material: Additional problems will be supplemented wherever necessary. Students should not require any additional books etc.

- Chapter Practice Problems: Students will be given Chapter Practice Problems (CPP) on each chapter which they have to attempt and submit before the beginning of the next chapter. These solutions will be checked by the faculty and will be returned to the Students with remarks and suggestions. Thus, helping every student to have a very strong command over fundamental concept knowledge which is very crucial for getting Top ranks.

- Work Books for Home Assignment.

- Regular feedback & Test Analysis Sessions.

- Students also gain important exam practice through quizzes, phase tests, & mock tests (conducted in a simulated environment giving the Students a 'feel' of the real exam) that can help them improve their examination temperament—a necessary element for success in any competitive exam.

The Long Term Goal of this Program is to help each & every Student get a Top Rank in JEE. Moreover, equal emphasis is also given on achieving excellent performance in Boards as well as Combined Engineering Entrance Exams. As NTSE is a major milestone in Class X, Students are meticulously prepared for delivering a remarkable performance in this Exam. KVPY is another such Exam which is a vital milestone in Class XI & XII. Students will be holistically trained & prepared to ace this important Exam too. Students will be simultaneously prepared for all the aforesaid exams within the School Schedule only. These Four years of intensive IIT-JEE training within the school framework works like an ambrosia for IIT-JEE.

This Program is a dream of FIITJEE Team to bring renaissance in the Indian Education System and we try to move towards an Ideal School Education. More than 2200 hrs. of classroom teaching coupled with constant input from FIITJEE Team brings out the best in you. Dedicated academic operations team provides feedback at any point of time apart from scheduled Parent - Teachers meetings.

FIITJEE prepares you for JEE Advanced & JEE Main in a Pattern Proof Mode. This means that you are prepared to give your best and optimum performance even if the pattern of the exam is changed at the last minute. We are the only institute whose Students do well not only in JEE Advanced but also in JEE Main, XII Boards & Other Engineering Entrance Exams. All FIITJEE Students who qualified for JEE Advanced also scored well in their XII Board Exams thus figuring in the Top 20 percentile of their respective Boards. All FIITJEE Integrated School Programs are part of our social efforts and the fee that we charge is less than the cost of delivery of this program.

We encourage Students / Parents to choose an Integrated Program over after-the-school regular program to prepare for IIT-JEE without additional stress.

With JEE Main as the ultimate aim, this Program also helps the student to excel in NTSE, X Board, XII Boards & Other Engineering Entrance Exams. As a result, every effort for the preparation gets harmonised to deliver the best Results.

FIITJEE is an institute which, not only preaches high standard of ethics and value systems but also follows the principles in letter & spirit. Therefore, we always tender honest & correct advice to every Student & his / her Parents. When Students fail to get a Rank in JEE Advanced or more precisely fail to get a rank in JEE Advanced which can give them a branch of their choice in an IIT, they fervently start hoping that they get a good rank in final JEE Main merit list.

Best way to prepare for a career in Engineering is through a holistic preparation in JEE Advanced & JEE Main, XII Board Exam and Other Engineering Entrance Exams in a synchronized manner. Some Students, however, need to focus only on JEE Main, XII Board Exam and Other Engineering Entrance Exams for best and optimum career options.

Four Year Classroom Program for JEE Main - There will be no difference in studies as compared to Four Year Classroom Program for JEE Advanced until Class XI or till the entire course for JEE Advanced, 2023 is finished. The course duration including additional features remain the same as Four Year Classroom Program for JEE Advanced. After that just like Four Year Classroom Program for JEE Advanced, Students of Four Year Classroom Program for JEE Main will re-align the goal to JEE Main. myPAT - The Online Test Series is an integral part of this Program.

Subjects covered will be Physics, Chemistry, Mathematics, Biology, Social Studies and Mental Ability in class IX & X and Physics, Chemistry, Mathematics in class XI & XII.
The Long Term Goal of this Program is to help each & every Student get a Top Rank in JEE. Moreover, equal emphasis is also given on achieving excellent performance in Boards as well as Combined Engineering Entrance Exams. As NTSE is a major milestone in Class X, Students are meticulously prepared for delivering a remarkable performance in this Exam. KVPY is another such Exam which is a vital milestone in Class XI & XII. Students will be holistically trained & prepared to ace this important Exam too. These three years of intensive IIT-JEE training will help Students to gain a vast edge over the competition.

IITs have restricted the no. of attempts for JEE Advanced. Students now just have two chances – one right after the XII board exams and the second immediately in the next year. As a priority, they should try to succeed in JEE Advanced in the first attempt and not take unnecessary pressure as uncertainty of ill-health or any accidents while appearing for the second & last attempt could be too risky. Best way is to start your JEE preparation from the beginning of Class IX, but if you have not been able to do so, it is prudent to start your preparation at the earliest. Three Year Classroom Program for JEE Advanced, 2022 for Students who are presently in Class X is the next best alternative.

The goal of the program will be to help you score high marks in X & XII Boards and get a good Rank in JEE Main & JEE Advanced. The program will also prepare you for NTSE and Other Engineering / Scholastic Competitive Examinations.

Physics, Chemistry, Mathematics, Biology, Social Studies & Mental Ability will be covered for NTSE level while focus for JEE Advanced continues. Classroom contact hours of approx 1050 hrs. i.e. (313 in Class X, 401 in Class XI & 336 in Class XII). Entire course is divided into 9 Phases - 4 Phases in Class X, 3 Phases in Class XI & 2 Phases in Class XII. Our Academic Phase Plan covers the entire syllabus of JEE Main and JEE Advanced. Each phase has exhaustive quizzes and phase test (both on JEE Main & JEE Advanced pattern). Additional doubt removal sessions, Rank Improvement Program (RIP), All India internal Test Series (AI2TS), All India Common Phase Test, Grand Masters Package (GMP), Computer Based All India Test Series (AITS) & myPAT - The Online Test Series along with Test Analysis Sessions are also part of the program.

The study material at Fiitjee is very well researched. It exhausts all the concepts and includes all type of problems.

Regular test series like RIT, LM tests, weekly tests were also conducted through which I learnt time management and exam temperament.

Teachers provided us good practice which was faith and of new 'concept' which gave us an experience of real JEE!

We had many classroom discussions and also individual doubt sessions which increased my understanding of the subject.
With JEE Main as ultimate aim, this Program helps the Student to excel in XII Boards and Other Engineering Entrance Exams.

FIITJEE is an institute which, not only preaches high standard of ethics and value systems but also follows the principles in letter & spirit. Therefore, we always tender honest & correct advice to every Student & his / her Parents.

Best way to prepare for a career in Engineering is through a holistic preparation in JEE Advanced & JEE Main, XII Board Exam and Other Engineering Entrance Exams in a synchronized manner. Some Students, however, need to focus on only JEE Main, XII Board Exam and Other Engineering Entrance Exams for best and optimum career options. FIITJEE’s Two Year Classroom Program for JEE Main, 2021 is specifically suitable for such wise Students.

Setting a realistic but challenging target brings out the best out of a person. However, in Class XI, the Students of this program prepares exactly in the same way as Students of JEE Advanced, 2021. After completion of Class XI course and batch reshuffling test, Students and batches are aligned to an ambitious but realistic goal of preparing for either JEE Advanced or JEE Main and Other Engineering Entrance Exams. myPAT – The Online Test Series is an integral part of this Program. The course structure & duration including additional features remain the same as Two Year Classroom Program for JEE Advanced.
Along with JEE Advanced, this Program will ensure that you excel in JEE Main, XII Boards and Other Engineering Entrance Exams and also at various International Olympiads and National Level Scholastic Exam like Kishore Vaigyanik Pratham Yojana (KVPY).

FIITJEE prepares you for JEE Advanced & JEE Main in a Pattern-Proof Mode. This means that you are prepared to give your best and optimum performance even if the pattern of the exam is changed at the last minute.

We are the only institute whose Students not only do well in JEE Advanced but also in JEE Main, XII Boards & Other Engineering Entrance Exams. All FIITJEE Students who qualified for JEE Advanced also scored well in their XII Board Exams thus figuring in the Top 20 percentile of their respective Boards.

The preparation for JEE Advanced is accomplished in 4 Phases. Our Academic Phase Plan covers the entire syllabus of JEE Main and JEE Advanced. Each phase has exhaustive quizzes and Phase Tests (both on JEE Main & JEE Advanced pattern).

Phase Tests are followed by Test Analysis Sessions. Classroom contact hours of approx 460 hours are covered. However, the actual total input provided to the Student is more than 520 hours which includes additional doubt removal sessions, Rank Improvement Program (RIP), All India internal Test Series (AIITS), All India Common Phase Test, Grand Masters Package (GMP), Computer Based All India Test Series (AITS) and myPAT – The Online Test Series along with Test Analysis Sessions.

With JEE Main as ultimate aim, this Program helps the Student to excel in XII Boards and Other Engineering Entrance Exams.

FIITJEE is an institute which not only preaches high standard of ethics and value systems but also follows the principles in letter & spirit. Therefore, we always tender honest & correct advice to every Student & his / her Parents.

When Students fail to get a Rank in JEE Advanced or more precisely fail to get a rank in JEE Advanced which can give them a branch of their choice in an IIT, they fervently start hoping that they get a good rank in final JEE Main merit list.

Best way to prepare for a career in Engineering is a holistic preparation in JEE Advanced & JEE Main, XII Board Exam and Other Engineering Entrance Exams in a synchronized manner. Some Students, however, need to focus only on JEE Main, XII Board Exam and Other Engineering Entrance Exams for best and optimum career options. FIITJEE’s One Year Classroom Program for JEE Main, 2020 is specifically suitable for such wise Students. myPAT – The Online Test Series is an integral part of this Program. The course structure & duration including additional features, remain the same as One Year Classroom Program for JEE Advanced.
The Program will automatically ensure that you excel in JEE Main. The Program also helps the Student to excel in XII Boards and Other Engineering Entrance Exams.

This program is useful for those Students who are very serious and have prepared well but have not been able to join a coaching program due to some pecuniary constraints or are not satisfied by their existing coaching program. To ensure that these Students do not face any financial burden to gain quality education, the fee for this program has been highly subsidised.

The entire course is divided into 4 phases. It includes classroom contact hours of approx 404 hours. However, the actual total input provided to the Student is more than 464 hours.

Our Academic Phase Plan covers the entire syllabus of JEE Main and JEE Advanced.

Additional doubt removal sessions, Rank Improvement Program (RIP), Grand Masters Package (GMP) & Computer Based All India Test Series (AITS) are also part of the program.

**Note:** Scholarships are applicable only for the Students qualifying in the General Category.

*Continues on next page...*
Note 1: A Student can avail only one scholarship (including cash scholarships awarded through Talent Reward Exams etc.) during his/her entire academic session of the program he/she joins at FIITJEE. In case, a Student is eligible for/awarded more than one scholarship under different criterion, he can avail the scholarship amount whichever is higher but already availed scholarship amount will be deducted from the same. The benefit of higher scholarship (excluding cash scholarship awarded through Talent Reward Exam etc.) will be given only from the date of such award on the balance proportionate fee i.e. (gross fee at the time of enrollment – (initial scholarship amount availed + cost of services availed till the month of such award)). The amount will be refunded after the realization of payment of the last installment of Program Fee.

Note 2: Students can claim Scholarships based on their performance in any Competitive / Scholastic Exams, only if they have appeared in the respective Competitive / Scholastic Exam before the Batch Commencement (other than any early joining academic benefits) at FIITJEE and these Students are not eligible for FIITJEE Rewards for the Competitive / Scholastic Exam through which he/she has already availed the Scholarship. Students approaching FIITJEE for claiming the Scholarship based on their performance in any of the Competitive / Scholastic Exam in which they appear post their Batch Commencement at FIITJEE are not eligible for these Scholarships, however these Students will be eligible for FIITJEE Rewards, please refer Rewards Booklet.

Note 3: If a Student, after qualifying any Scholastic exam (during his/her Study at FIITJEE) for which FIITJEE offers Rewards, opts for the exit option or discontinues from his/her current FIITJEE Program after class X and enrolls again in a new FIITJEE Program, then he/she will not get any fee waiver / scholarship based on that scholastic achievement. However, he/she will continue to get Rewards in case of rejoining, if he/she stays eligible as per the Terms & Conditions of Rewards.

Note 4: The mentioned scholarships on the basis of NTSE / JSTSE / SSTSE / MSCE / KVPY / Olympiads are applicable only for the Students qualifying in the General Category.

Note 5: The photocopy of the original certificate / marksheet of NTSE / JSTSE / SSTSE / MSCE / KVPY / Olympiads should be attested by the Principal of the school last attended / presently studying.

Note 6: Student claiming scholarship under X / XII Boards performance need to deposit the photocopy of the marksheet (while showing the original Marksheet also) latest by 15th September, 2019, after which no application will be entertained. The Scholarship amount will be paid after the realiseation of payment of the last instalment of Program Fee.

Note 7: The Scholarship amount will be paid to the Student through a crossed cheque and shall be in favour of the Student only. No application for issuing of cheque in favour of parent / guardian will be entertained.

Note 8: In case, a Student reappears in FIITJEE test, his/her scholarship (if awarded) will be scaled down by one slab to ensure that he/she does not have any undue advantage over a Student taking the test for the first time.

Note 9(a): The registered office of FIITJEE is at New Delhi. All disputes and differences of any nature whatsoever shall be referred to the Sole Arbitrator appointed by the Management of FIITJEE Ltd. The Arbitration proceedings shall be conducted in accordance with the provisions of the Arbitration and Conciliation Act 1996 and Statutory modification thereof and rules made thereunder. The award of the Arbitrator shall be final & binding. It is further agreed that in spite of the fact that the Sole Arbitrator may be known to any of the Directors or shareholders or may have been appointed as an arbitrator earlier by the company shall not disqualify him. Even if the Arbitrator may have expressed an opinion in a similar matter earlier shall also not render him disqualified. The seat of the Arbitration will be New Delhi / Delhi.

Note 9(b): Subject to Note 9 (a) hereinabove, the exclusive Jurisdiction in the matter shall vest in New Delhi / Delhi Courts only.
Fee Concession for siblings of Present / Ex-FIITJEEians

10% fee concession on Tuition Fee to siblings (can be availed only once) i.e. fee concession to brother(s) / sister(s) of Present / Ex-FIITJEEians enrolled in any FIITJEE Long Duration Classroom Program. Candidates will be eligible under this criteria after submission of affidavit (format can be collected from your nearest FIITJEE Centre or downloaded from www.fiitjee.com) with proof of being a present Student of FIITJEE or earlier child (ex-Students of FIITJEE) & photocopy of Birth certificates of both children (original copy of birth certificates of both children to be presented for verification at the time of enrollment).

Terms & Conditions (Scholarships, Waivers & Concessions)

1. For Physically Disabled : The benefit will be given to those candidates who have at least 40% permanent physical disability in relation to a body part / system / extremity / extremities / whole body etc. for any category of disability (viz., Locomotor, visual, speech, and/or hearing). The Student has to submit an attested photocopy of the certificate issued by the Govt. General Hospital. FIITJEE management's decision in this regard will be final and binding.

2. The Scholarships on the basis of X / XII Board performance / fee waivers / fee concessions are valid only after qualifying FIITJEE’s Admission Test of the respective program.
3. The final discretion of awarding scholarships / fee waivers / fee concession in each case will remain with FIITJEE and the decision will be final and binding on the candidate.

4. The mentioned scholarships / fee waivers / fee concession are applicable for those Students who enrol themselves between 1st January, 2019 to 15th September, 2019.

5. Any Student can avail only one of the “Other Category Fee Waivers” during his / her entire academic session at FIITJEE.

6. An eligible Student can get the combined benefit of any one of the “Other Category Fee Waivers” (as mentioned above) along with the “Fee Concession for siblings of Present / Ex-FIITJEEians” and Scholarship if awarded i.e. all the benefits can be compounded as stated in the following example.

For example, if a physically disabled sister / brother of present FIITJEE Student who is already enrolled in any Classroom Program qualifies in our Admission Test with a scholarship of 50% on Tuition Fee and if the Tuition Fee of the Classroom program offered to the Student is Rs. 10,000/-, the final Tuition fee payable by the Student will be calculated as follows:

1. Rs. 10,000 less 50% scholarship = Rs. 5,000/-

2. Rs. 5,000 less 25% (Physical Disability Waiver) = Rs. 3,750/-

3. Rs. 3,750 less 10% (Sibling concession) = Rs. 3,375/-

So, the actual Tuition Fee payable by the said Student will be Rs. 3,375/- + GST as applicable.

Preparing well for JEE Main & JEE Advanced is one thing and transforming the knowledge & skills into success on JEE day is another. Many Students are not able to adopt the right approach and proper examination temperament, as they do not have the right feedback on their preparation. If you fail in JEE Main & JEE Advanced it is a permanent loss, which is irreparable, and mistakes committed are not correctible. Test Series will teach you how not to fail. It is an opportunity for you to ensure that you convert your skills into success on the JEE day. Test analysis help Students realize:

• Correlation between percentage of marks attempted & marks obtained.

• Silly mistakes, which could have been avoided.

• Psychological temperament required to perform optimally in the exam.

The level of difficulty in the tests is changed strategically to prepare Students for all types of exams - from very difficult to relatively easy ones. It has been observed that JEE exams have been coming up with different kind of content in one or the other subject in terms of the level of difficulty & the style of the paper. FIITJEE test series (with test analysis) will ensure that do not suffer any setbacks due to these fluctuating trends. The quality of our test papers is evident from the fact that many questions of IIT-JEE from 1995 to 2018 are either identical or similar to questions, which were a part of the FIITJEE All India Test Series.
Importance of Computer Based All India Test Series

• Like JEE Main & JEE Advanced, you get several chances to know about your performance & make-up for your shortcomings.

• Consists of Concept Strengthening Classroom Program (CSCP) of about 42 hrs in case of AITS – One Year Version and 78 hrs in case of AITS – Two Year Version after the test, to eliminate conceptual doubts and plugging the loopholes related to the papers.

• Has new & original problems of JEE Main & JEE Advanced level, which is the best way to prepare for JEE Main & JEE Advanced.

• Practically tests all the fundamentals.

• Prepares you for all types of patterns & levels of difficulty, so you will be ready to face JEE Main & JEE Advanced in all eventualities.

• Gives you other possible solutions to a problem, so you learn to analyze problems from different possibilities.

• Gives you sufficient time to consolidate on your JEE Main & JEE Advanced preparation as it starts with Part Tests and gradually covers the entire JEE syllabus in Full Tests.

• Gives you test analysis sessions to analyze your mistakes & improves your strike rate / scoring in the same paper, so you acquire a sound examination temperament to score upto your maximum potential.

• Gives you several chances to appear in simulated JEE like environment to help you develop better Time Management skills.

• Gives you a realistic & authentic All India level ranking, so that achieving your goal gets easy.

Concept Strengthening Classroom Program (CSCP)

Test series will be followed by a Concept Strengthening & Test Analysis-cum-doubt removal program in each subject of Physics, Chemistry and Mathematics conducted by expert FIITJEE faculty members. The key points of this program will be as follows:

• Subject discussion of each paper with emphasis on several ways of attempting a question, wherever possible.

• How to improve strike rate & how to overcome the mistakes that a Student often makes during the exam will also be discussed.

• Strategy to attempt the paper of any different difficulty level or pattern.

• Eliminating conceptual doubts, plugging the loopholes related to the papers.

• Strategies for time management during preparation and on the day of the exam.

Eligibility Criterion*

Candidates must have secured 75% marks in (Science + Maths) / PCM in class X or class XII from CBSE, ICSE, Andhra Pradesh, Anglo Indian, Haryana, Maharashtra, Kerala, Telangana, Tamilnadu & West Bengal Boards. 70% marks in (Science + Maths) / PCM in class X or class XII from other Boards. For All India Integrated Test Series – Two Year version for JEE, 2021 candidate must have appeared in X Board in the year 2019, he / she will have to submit Class X marksheet fulfilling the eligibility criterion.

Grand Masters Package + Rankers Test Papers File

It had questions of all varieties and difficulty level, which made it a golden key of success. I also liked the Rankers Test Papers file. The questions papers therein helped simulate an actual exam environment.

**Heartiest Congratulations! We are proud of you all.**
Ensuring Success Through

- Unique Integrated Curriculum which gives a wider and deeper understanding of the Subject.
- Emphasis on strengthening fundamentals, rather than rote learning.
- Conducive environment in the classroom.
- Equal focus on languages and social sciences.
- Teaching the young learners ‘How to learn’.
- Periodical Goal Setting for students and tracking them.
- Continuous grading & examinations as a tool to instill competitiveness and completeness.
- Personal Mentoring outside Class in addition to mentoring and Doubt Clarification Sessions.
- Training Students for all kinds of Target Exams at one place through a single system.
- No requirement of any extra help / tuitions from anywhere else.

Our Main Aim

Holistic Success for Students by enabling them to comprehensively compete in all Scholastic / Competitive exams relevant for that Class.

- To facilitate Student’s success in various Competitive & Scholastic Exams in India e.g. NTSE / National Science Olympiads / JEE Advanced / JEE Main / KVPY / CPT / CAT / JIPMER / NEET etc. to secure admission in Top & Prestigious Colleges / Universities in India.
- Students will be prepared extensively for SAT, SAT Subject Tests, Advanced Placement Tests (US College Board) and TOEFL for admission into colleges / institutes / universities ahead of IITs in the World Rankings.

Ideal School Education

...is one where you do not have to make choices. Choices between performance in Boards and Competitive Exams. Choices between academics and extracurricular activities. Choices between learning and rote learning. And most importantly choices between enjoying education and not being stressed by it.

Ideal School Education is one with a holistic approach that is comprehensive, so that there is no need for any sort of coaching / tuitions / supplementary support services outside the school education. Where the goal is not just securing good marks in the Board exams but also not neglecting other areas like competitive exam preparation etc. while pursuing this goal. And where the child is able to deliver his / her best in both – boards as well as competitions – that too by having to go through a single system of learning. Where the extracurricular activities are in consonance with the overall objective of wholesome education – preparing Students for global careers as well as enabling them to conduct their lives in a much desired, honest, ethical and truthful manner.

FIITJEE World Schools at Hyderabad are boutique schools with hostel facility. (Operational since April, 2010)

Truly Complete Ideal School Education @ FIITJEE World School

Providing wholesome education & preparing Students for lifelong excellence

Nurturing and developing thinkers and opinion makers

Grounding them in solid Indian Value Systems

Focusing on essential life skills & ethics – enabling Students to lead a better life

Giving a platform to Students for global careers

Making education a completely enjoyable process by eliminating stress out of the child’s life

Enhancing IQ and Raising Competition

Cult Metamorphosis Test (CMT) & MAT, English, Biology, Social Studies & Computer Science (MEBSCOM)

Our weekly objective test (based on micro-scheduled teaching during that week) helps children in continual learning and grading where the child is not burdened just before the exam to learn many things.

Thus a Student in FIITJEE World School is NEVER unhappy or tensed about any exam as learning is a constant UPGRADING, ENRICHING, and ENTHRALLING experience.

Formative Assessment (FA)

This is our month end exam which is based on the month long learning of the child in different subjects. This is a Subjective Paper designed to hone the writing skills of the child.

Visual and Performing Arts as a medium of Relaxation

Arts of different mediums in our Schools (Painting, Music, Dance) is for relaxation so that they improve Students’ classroom performance. They are forms of giving an output to their parallel medium of communication.
Games like Spell-O and Chess are introduced to keep their concentration sharp

On an everyday basis we have Yoga and Meditation classes which helps children to relax and concentrate better in their classes

Inter-House Competitions

The Schools are divided into four houses wherein, at regular intervals, competitions like Debates, Declamation, Quiz, Dancing, Singing, Theatre, Bulletin Board etc. are being conducted.

Extra Curricular

Creating Global Indian Citizens

Recognizing the fact that Schools need to play a proactive role in nurturing and developing personalities and preparing the Students as global citizens with a strong grounding in Indian Value system, FIITJEE World Schools aim for:

1. Developing Proficient & Confident Communication ability in each & every Student.
2. Inculcating Sports / Exercises as a discipline for Physical Fitness throughout the life in each Student.
3. Improvement of Memory & IQ, Mental, Physical & Spiritual well being, Awareness & growth with intensive Yoga & Meditation for each Student.
4. Instilling Indian Culture & Values in each Student, not to learn these as History & Geography but learn to base their lives on it.
5. Developing personality traits (Focus, Effective Communication, Leadership Ability, Determination, Strategic Planning, Pro-active Approach, Handling Failures, Stress, etc.) & Positive Attitude required for success. (This is what corporate sector tries to teach employees who are 25 - 55+ years of age and hardly respond to changes required).

Individual Development Program (IDP)

- In FIITJEE World Schools, irrespective of IQ levels of the children, best learning environment is provided for nurturing their inherent talents and honing their skills.
- Recognizing the major anomalies in the current education system, FIITJEE World School has come up with a unique Individual Development Program (IDP).
- IDP through an ongoing Mentorship endeavours to provide equal opportunities to every single Student.
- The Mentorship is individualized and its sole objective is to identify, develop and enhance the inherent talent / skills in every single Student.
- Not restricted to the academic aspects only, IDP ensures the development of the core soft / life skills of the Students.

Residential Facilities

Hostel facilities that promote a sense of well-being among children in a conducive environment to nourish them and enable them to blossom into ideal human beings.

5 Key Features of FWS-Target 200 Program

- A unique academic program that offers the best of Indian & US curriculum. The students are enrolled to study for Indian Board Examinations. The US curriculum is ensured through the Advanced Placement Tests. This would enable a student to apply to both Indian and foreign universities. Currently, students from International Boards like IB, IGCE, etc. find it difficult to gain admission in Indian universities.

- Emphasis is on overall personality development of the child. Students will be trained in English communication and debating. Students will also be encouraged to participate in other activities, designed to develop a spirit of competition and team building.

Who should apply for FWS-Target 200 Program?

- Students with a dream to be World Leaders in business or society at large.
- Students desirous of developing superior reasoning and analytical skills.
- Students desirous of developing superior reasoning and analytical skills.
- Students desirous of developing superior reasoning and analytical skills.
- Compulsory teaching of an International Foreign Language. Knowledge of a foreign language builds cultural sensitivity apart from providing a crucial advantage for those seeking to work in MNCs.
- Special Programs like “Mentor Directed Study Program”, “Senior Independent Research Program” & “Summer Programs Abroad”. These programs encourage students to think independently and develop academic rigor in their subject of interest.
- Special preparation for application and entry into Top 200 Universities of the World. This includes preparation for SAT, SAT Subject and Advanced Placement.
