What are the Common Mistakes,

we as Parents commit while choosing a Coaching Institute for our Child ?

❖ Some of us go with those Coaching Institutes that readily offer admission without conducting an Admission Test or conduct it as a mere eyewash

FIITJEE conducts Admission Tests to gauge the aptitude & potential of a Student to qualify JEE Advanced, JEE Main & various other exams. FIITJEE does not offer admission to Students in its Classroom / Integrated School Program who do not qualify the Admission Test. But some Institutes offer admission readily as their sole motive is to make money while others, those conduct the admission test, conduct it as a mere eyewash which does not assess a Student's potential & capability in the real sense.

❖ Some of us believe in fake & fabricated Results published by some unscrupulous Coaching Institutes

This is Kaliyug and some institutes indulge in wrongful practices by advertising fake & fabricated Results and some of us fall into their trap by believing them blindly. Such Institutes purposely hide crucial details about its Students, buy results of Students not taught by them by paying huge sums of money and advertise these results boastfully across the country.

❖ Some of us go by our Child's choice

If our child chooses to join an Institute which his / her friends or peer group are joining, then we blindly let him / her join that institute. You being the guiding light for your child, must verify your child's choice by carefully examining the facts & information about various prospective institutes before taking the final decision.

❖ Some of us overstress the need to save money

In order to save some money, would you really want to compromise on input parameters like comprehensively trained Faculty, structured teaching Methodology, Student centric programs & approach, enabling environment & infrastructure ? Any amount of money spent on these Institutes which do not provide all the necessary attributes mentioned above, is a complete waste.

❖ Insufficient inquiry / research and Lack of Awareness

Just think, how much time & effort you put in to inquire / research when you buy a Mobile Phone, TV, Car etc ?

Let these mistakes not disrupt your plans for your Child's future.

Avoid any uncertainty and choose the Best Coach of the Country ~ FIITJEE

Others

Foundation laid on Deceit, Dishonesty & Falsehood

While others indulge in deceitful practices by advertising fake and fabricated results, buying out the result of toppers or misrepresenting crucial details about its Students.

Depriving Talent to Flourish

While others teach as per the pattern of a few exams without strengthening the basic concepts of their Students. As a result, they do not lead the Students to desired success in most of the Competitive Exams.

Hub of Incompetent Faculty

While others lack trained & competent faculty for all the core subjects, and if a faculty leaves mid-session they do not have good replacement which ultimately puts the Students' Career at risk.

Admission Tests - A mere Eye Wash

While others do not conduct the admission test & offer admission readily. Even if some of them do conduct the admission test, it is a mere eye wash.

Insane Number of Students in a Batch

While others insensitively cram Students into huge batches which robs them of clearing their doubts thus causing a hindrance in Students' ability to perform to their full potential.

Inconsistent & Ordinary Results

While others have inconsistent results and stand nowhere in comparison to the legacy of extraordinary results produced by FIITJEE.
