Others

Foundation laid on Deceit, Dishonesty & Falsehood

While others indulge in deceitful practices by advertising fake and fabricated results, buying out the result of toppers or misrepresenting crucial details about its Students.

Depriving Talent to Flourish

While others teach as per the pattern of a few exams without strengthening the basic concepts of their Students. As a result, they do not lead the Students to desired success in most of the Competitive Exams.

Hub of Incompetent Faculty

While others lack trained & competent faculty for all the core subjects, and if a faculty leaves mid-session they do not have good replacement which ultimately puts the Students' Career at risk.

Admission Tests - A mere Eye Wash

While others do not conduct the admission test & offer admission readily. Even if some of them do conduct the admission test, it is a mere eye wash.

Insane Number of Students in a Batch

While others insensitively cram Students into huge batches which robs them of clearing their doubts thus causing a hindrance in Students' ability to perform to their full potential.

Inconsistent & Ordinary Results

While others have inconsistent results and stand nowhere in comparison to the legacy of extraordinary results produced by FIITJEE.
