

All these Stones look alike !

**But only one of these stones is a Diamond worth Crores
while others are mere Stones !**

To identify a Diamond among few Stones or to identify even the Best quality Diamond among few Diamonds, one has to have the knowledge of the fundamental characteristics of a Diamond.

We strongly appeal to all IIT-JEE Aspirants & their concerned Parents
to be very cautious while choosing the **Right Coaching Institute for IIT-JEE.**

To you, many Coaching Institutes might appear to be similar but in reality they are not. You must know the fundamental characteristics that define an Ideal Coaching Institute.

Fundamental characteristics, one must be aware of & verify before choosing the Right Coaching Institute

Ethics : Nowadays several Coaching Institutes in their eagerness to earn quick money resort to unethical & unworthy tactics like claiming False Results, making false commitments to entice & deceive unsuspecting Students & Parents.

Results : One must check & verify the Results in JEE Advanced & JEE Main (Recent & Past). Join an institute with a strong history of Results at least for the last 5 Years.

Faculty : Good Faculty is the backbone of any Institute, so an institute should have a Large & Strong Pool of Full time Faculty Members.

Student - Teacher Ratio : Ideal Student to Teacher ratio is indispensable for the success of a Student.

Overall Development : A good Coaching Institute will always Strengthen & Improve the Fundamentals and IQ level of a Student.
