

SHORT CONTACT PROGRAM

for

JEE (Main), 2016

Last minute Push for Confidence, Rank and Success!

Program Focus & Objectives:

The program will help students to significantly improve their performance in the JEE (Main) Exam. This program has been designed keeping in view the pattern of the JEE (Main) Exam.

This program highlights the importance of time management techniques, which is very crucial at this juncture, when very little time is left for the JEE (Main), 2016. The student will be learning all important aspects of time management which will make the student perform to his/her best potential on the JEE day.

Although the time you will get after the XII Board Exams is very less, still it can be used effectively to significantly improve your performance in JEE (Main), 2016. You can even go on to improve your Rank say from 1000 to a Rank in Top 100.
